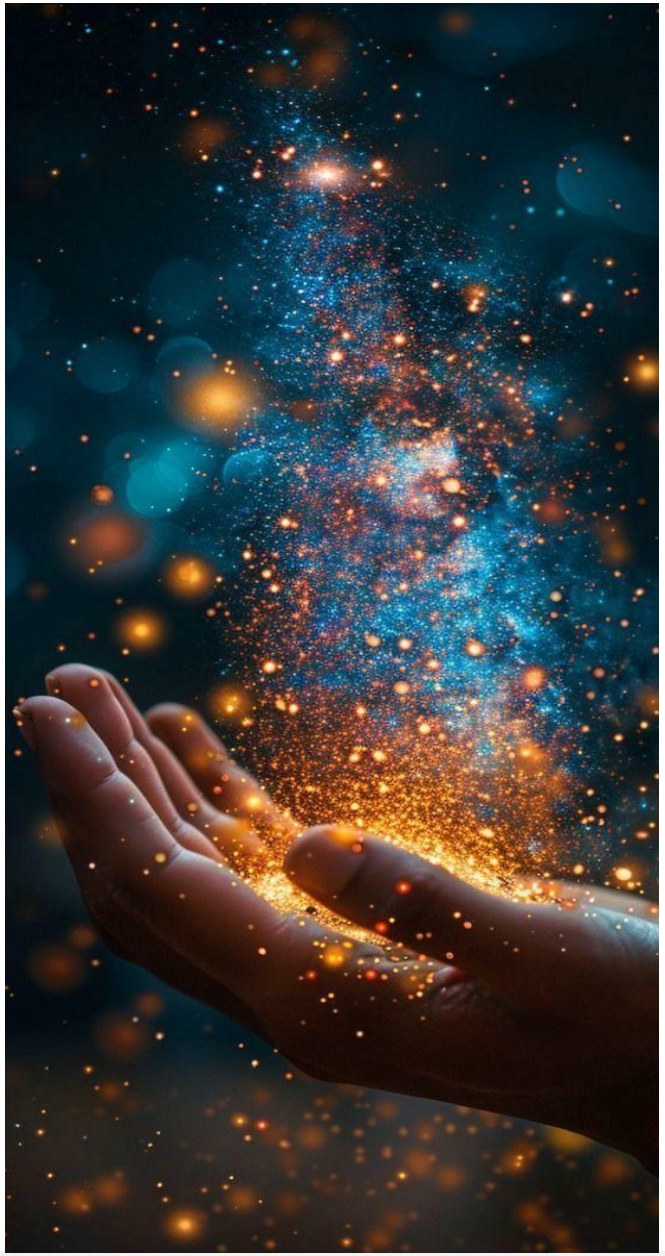
Knowledge Management Wiki AI Companion

AI + BI + EI = Impact

Blending Artificial Intelligence, Business Intelligence, and Emotional Intelligence to transform how we work



Powerful AI Companion is coming to the Wiki

Spend less time searching – *and more time doing*

What to expect from Atlassian Intelligence

- Powerful AI companion built into the Wiki
- Direct answers to questions vs. traditional search
- Quick summarizations of longer pages
- Simplification of complex information

What's Next?

We will soon host demos and focus groups for you to get hands-on experience

AI is a seamless rollout/
no setup required

Impact & Value – Us, Our Learners, Our Company

Training Impact

- Pioneers for Learning & Development
- Pride of Ownership
- Simplify the way we train

YOU are the face of our department!

Learner Impact

- Simplification of navigation
- Information confidence
- Content change summarization

THEY are the face of our company!

=

Impact (Value)

- Better support
- Boosts in Productivity
- Boosts in Quality

WE are One!

"Learners don't just need guides — they need pioneers.
Be the ones who step first into new territory, so others can follow with confidence."
