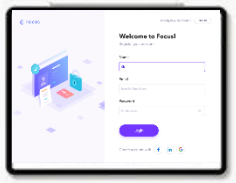
Your Survey Results



CHRONIC

Move the chronic population into a well-managed state, and encourage them to stay there with programs designed specifically for them

AT RISK

Prevent the at-risk population from becoming chronic (and even move them back to well) by offering targeted programs to keep them on track

WELL

Keep the well population well and engaged in their well-being by offering fun, relevant and rewarding programs

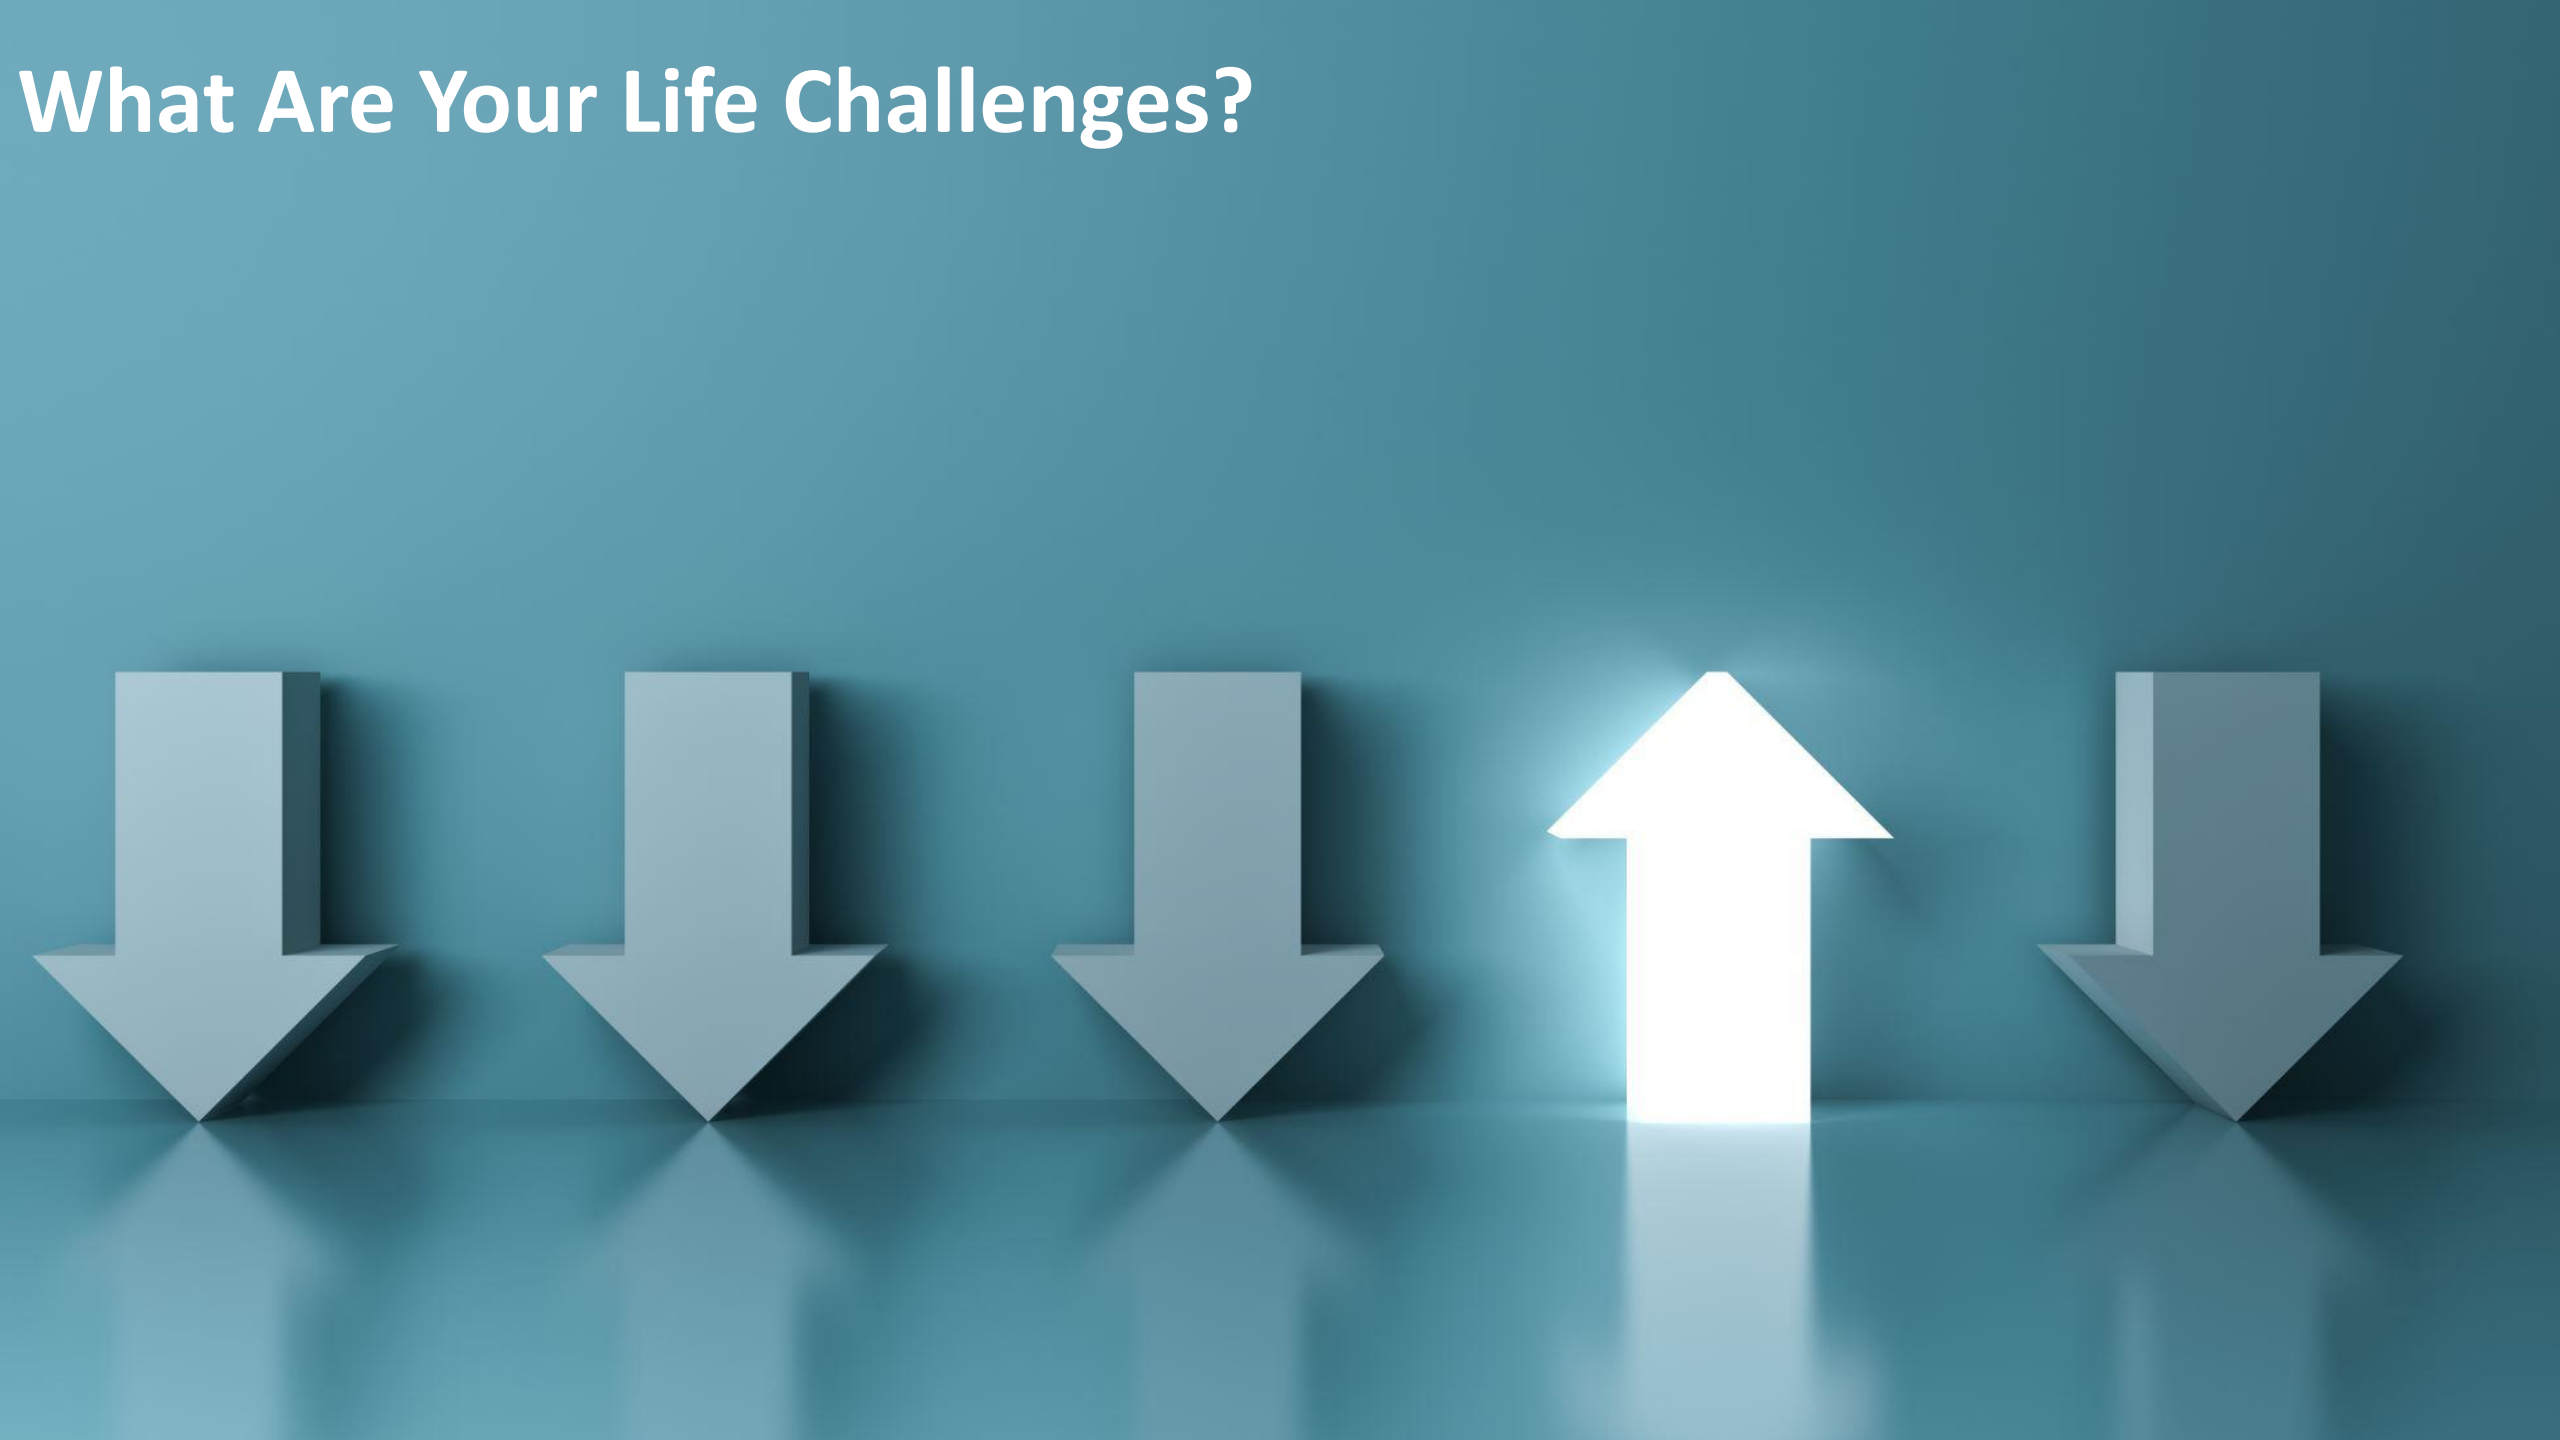
Building Awareness

CONTINUUM DESIGN

Potential Challenges Within Your Role

- Remote Work
- Lack of Connection
- Burnout
- Lack of Boundaries

What Are Your Life Challenges?



Self-Care

CONTINUUM DESIGN

Protecting Your Peace

Restore energy levels before, during, and after the workday

Honor your feelings

Practice self-compassion and gratitude

Workspace Wellness

Attention & Focus

CONTINUUM DESIGN

Attention & Focus

Things impacting our attention and focus

Technology

Daily Decisions

Multiple tasks

Meetings

Alerts

Internal/External Factors

Improve Your Concentration

- Track your attention
- Practice mindfulness
- Limit distracting lights/sounds
- Honor the diversity of your callers
- Monitor your physical health
- Observe caffeine and sugar intake

Distractions

CONTINUUM DESIGN

Identifying Distractions

- What distracts you in your home?

- What distracts you from your work?

Work Smarter, not Harder

Phone

Chat

Email

Our Lives

When “Distractions” are Essential

How do you stay focused on member calls and priority tasks while also making sure to be available to your team and respond to other areas of obligation?

Proactive Solutioning:

1. Outlook Tools – Calendar and Email
2. “Pin” or organize important Teams chats
3. Schedule your day

Template Mindset

Templates and Notes

Can be helpful, but limiting

Outdated and lengthy templates may not accurately document the needs of the call

Increase additional work time

Collaborative Documentation

1. Timeliness and Accuracy
2. Objective not Subjective
3. Time saving
4. Benefits the Caller

Creating Efficiency in Your Day

CONTINUUM DESIGN

Creating Efficiency

Attention & Focus

You define what deserves your attention and focus and setting yourself up for success.

Multitasking & Re-Focus

Realize your most valuable asset is time, and how you manage your time dictates how you much energy you have throughout the day

Distractions

Recognize distractions in our home and lives that may cause us to feel overwhelmed and drained

Make the Most of Your Time

Be prepared

Take advantage of every opportunity to reset

Be flexible

Acknowledge and validate

Managing Distractions at Home

Defend your work bubble

Slot your time

- Gift time
- Allow for unplanned time
- Remember yourself

Being Intentional

- Mindful of time
- Mindful of activity
- Awareness of value

Go outside and play

Do something different

Re-organize
Your physical environment

Goal Setting

CONTINUUM DESIGN

Time to Set Goals: What's Your Plan?

- SMART Goals
- Accountability
- Reward Yourself
